Pease Bransle

Circle Dance for as many couples as will

A - All take hands and go a Double clockwise and back. Repeat.

B1 - Men hop and land with their feet together. Women do the same. Men step to the left, then make three hops to the left, landing with their feet together.

B2 - Women hop and land with their feet together. Men do the same. Women step to the left, then make three hops to the left, landing with their feet together.

In the SCA, this is often danced as a partner-switching dance. Instead of the Women hopping three times at the end, they run behind their partners to join the next Man.
